

KITCHENER CHIEF STEWARD

Monica Menner

I would like to thank the membership for acclaiming me as your Chief Steward for another 3 year term.

I look forward to representing members with return to work issues, human rights issues, customer complaints, and all steps of individual, group and policy grievances. I will continue to work co-operatively with our union executive and present issues on behalf of our members.

This term I have also been acclaimed for the Union in Politics Committee and look forward to attending council meetings and informing our members about issues that are important to our families, our community and labour as a whole.

As always, it is my goal to learn all I can from our current executive about our local, past practice, grievances, the Region, negotiations, and how our Collective Agreement has developed so that I can continue representing your best interests effectively.

If you have any questions, or concerns you may reach me at (519) 574-9270, or monicamenner@sympatico.ca

Thank you for your support!

P.S. Congratulations to those who have been elected and/or acclaimed as representatives for this new term and good luck to all those candidates who are still in the running.
